

Lighttools® Stretch Frames® and Soft Egg Crates® for Mola Reflectors

Stretch Frame® and Soft Egg Crate® Assembly

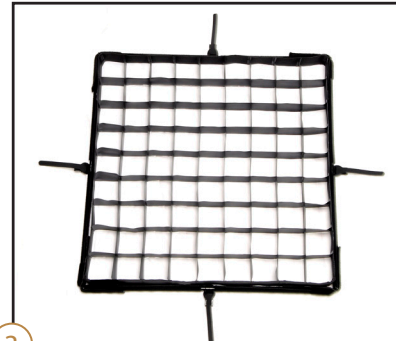

1

Lay the stretch frame on a flat surface ensuring that the loops or fuzzy side of the fabric sleeve is on the inside.

2

Carefully unfold the Soft Egg Crate® and lay flat inside the Stretch Frame.

3

Attach the Soft Egg Crate® to the Stretch Frame using hook and loop connection.

Attaching the Assembly to the Mola Reflector

Use clips with fabric loop tabs to attach the Stretch Frame to the Mola Reflector. Self adhesive fabric hook sections are included for attachment to your reflector. Clean the reflector with the alcohol wipes (also provided) before adhering the fabric hook to the reflector.
